SINGLE POINT PLASTIC

**WE CURVE
PLASTIC TO
WHAT YOU DESIRE**

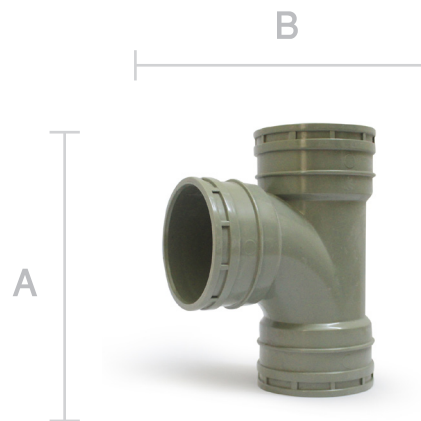

Single Point Plastic principally produces and fabricates various kinds of affordable PVC and CPVC products, such as pipes and their fittings. These products are available in various sizes and dimensions at competitive prices that meet the clients' exact requirements. The rising of international demand, has given us the honour of being one of the regional top ranked PVC and CPVC pipes and fittings exporters. With our advanced technology, highly skilled and professional staff, instantaneous product delivery,

exceptional quality, satisfaction of our clients before and after sales services, our reputation has passed the island's borders to the surrounding countries.

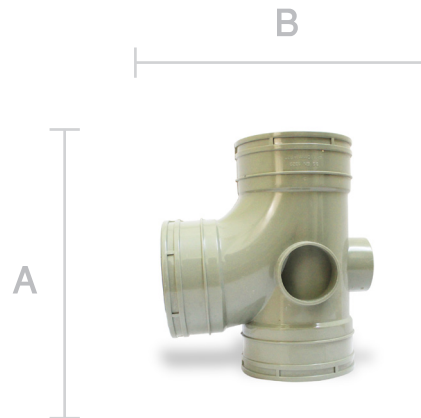

The confidence that we have built, the affordable and competitive prices we offer, the quality of products we manufacture, and the strong organisational and managerial competence we have at Single Point Plastic, has opened the discussion to commence new exporting lines to Europe, USA, and Canada.
